1. This Office action is in response to the RCE filed 7/26/04 and refers to the final rejection mailed 4/16/04.

2. Claim 1 is objected to because of the following informalities: In the line defining Y, "is" is repeated immediately after "Y". Appropriate correction is required.

3. Claims 11 and 12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 11 now no longer limits claim 1 from which it depends.

In claim 12, the lower limit for the number of carbon atoms is now inconsistent with that given in claim 1 as now amended.

4. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

5. Claims 1, 2, 10-14 and 37 are rejected under 35 U.S.C. 102(e) as being anticipated by Matsui as cited in the previous Office action referred to above.

The structures of col. 35, l. 60, col. 36, l. 1-35, col. 159, l. 20-25, right hand structure, and col. 160, l. 60, right hand structure, all still appear to read on the claims as now amended.

6. Claims 3-9, 15-17, 38 and 39 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to J. Pasterczyk whose telephone number is 571-272-1375. The examiner can normally be reached on M-F from 9 to 5:30.
